- › Rescue services
- › Forestry
- › Construction sites
- › Municipal application
- › Winter road service
- › And additional applications

The MPT81 can be fitted on municipal vehicles, pickup trucks, mobile homes, offroad trucks, compact wheel loaders and telehandlers

Multi functional tread design

Three variations in tread depths
High performance on any surface

Turtle Shield Design

Protection of upper sidewall and shoulder area
Robustness and puncture resistance

Special tread design with multiple block geometries

Excellent self cleaning capabilities
High traction abilities

MPT81

Sidewall adaptations

Continental has adapted the sidewall design of the MPT81 tire.
Changes include:

- › Update of Continental logo to latest version
- › Adaption of sidewall design to latest design

The changes of the sidewall design do not have an impact on the performance of the tire.
